This is “citatel”, home of what started as the “tactile” TTRPG system. You can learn more about the game [here](#). The [GitHub repo](#) includes the code for the site itself, as well as all of the tooling and data used to generate enemies, weapons, etc. Most of the recent writing about the system is [here, on Substack](#).

Beta

Ikolith Consolidated Recreation is currently in “stealth mode”. Click [here](#) to get our beta.
